

# **E-10**

**The E-10 building series is designed to be an economical storage solution when you need a building and you need it now. The E-10 series brings together some of our most popular building widths throughout over 40 years in business. These building designs have stood the test of time and have been repackaged for today's cost-conscious customer.**

## **Features**

- ▶ Building widths: 42', 50', 60', 67' and 72'
- ▶ 12 foot rafter spacing
- ▶ 12 oz cover material
- ▶ Same door and end wall options as other Winkler Structures and still fully customizable when it comes to ventilation and foundation choices.

## **Advantages**

- ▶ Building designs have been standardized which saves time during the manufacturing process
- ▶ Ideal for low-occupancy, cold storage scenarios or livestock use

Winkler Structures E-10 Series has not been engineered or designed for use at a specific site and may not be suitable for local conditions. It is the responsibility of the purchaser to ensure that the installation and use of this structure is permitted by all regulatory bodies. Low human occupancy is recommended at all times.
